

LaSalle Trail Corridor

The LaSalle Trail starts in Roseland near the Roseland Town Park running parallel with S.R. 933, and will eventually reach the Indiana/Michigan state line. The first phase now ends at Cleveland Road. Construction on the half-mile section from Cleveland Road to Darden Road is scheduled to begin in 2015-2016. The trail will cover 3.5 miles of paved trail when completed.

Hotel guests along the LaSalle Trail will be able to safely walk to restaurants and stores as well as enjoy bird-watching, hiking, bicycling and in-line skating.
